² Federal Rule of Evidence 1006 might apply to exhibits that begin with “[Rule 1006].” The United States does not believe that Rule 1006 applies to all of the exhibits so marked, but it has marked these exhibits in an abundance of caution. In addition, the United States does not believe that Cellebrite Reports are properly categorized as Rule 1006 summaries because they represent a complete extraction of certain categories of records from a cellphone, rather than a summary. Nonetheless, to the extent defense disagrees, the United States hereby provides notice of its intent to offer excerpts from Cellebrite Reports as identified herein.
